CLARK COMMITS SUICIDE

The lifeless body of A. M. Clark, local laundryman, was found by his wife early yesterday afternoon in the laundry, with a hose from the gas water heater in his mouth. A step-daughter, Mrs. W. L. Carter, lives in Downieville.

COUNTY POLITICS GET WARMER AS NEW ONES COME

The political pot is beginning to bubble in Nevada county somewhat earlier than usual and such earliness has its good points in informing the voters as to who is running for public office. Some of these last minute birds this year will find themselves stranded, when the votes are counted.

Three more candidates have announced themselves in this issue of The Nugget and their candidacy is receiving much encouragement already. R. N. McCormack through his long years of service finds that his aspirations to become county clerk are meeting with much approval everywhere. Walter Mobley and Thomas Oliver who are announcing their candidacy for the two township offices have given excellent service the past term and their announcements will create much interest locally.

No contenders for the office of assemblyman have come forth to test their strength with Jerry Seawell, the incumbent. His record of service in behalf of his constituency the past two years was so marked, particularly in contrast with the representation this district had previously had, that the voters are more than likely to return Jerry triumphantly to the post again this August. Mining needs all the friends it can have in legislative halls if it it to get on its feet again and Jerry proved hmself the best friend the industry has had in this section for many years past. His fight in behalf of hydraulic mining made a name for him that will endure for many years.

The post of sheriff and supervisor from Grass Valley promise to bring forth many aspirants in the next few weeks.

McCORMACK ANNOUNCES CANDIDACY FOR CLERK

Through the columns of The Nugget today, R. N. McCormack is announcing his candidacy for the office of county clerk and auditor subjest to the primary election on August 26th. Mr. McCormack's long experience as chief deputy in the office makes him an exceptionally well fitted candidate and he has a large number of friends over the county who have come forward and pledged him their support voluntarily since Mr. Coughlan announced his retirement at the end of his term next December.

For twenty four years past Mr. McCormack has served as deputy in the office under Mr. Coughlan and it is doubtful if there have been many more efficient deputies to be found in any county. Mr. McCormack has carred on the work of the office and brought the auditing system up to a high standard of efficiency. It is a safe assertion that there is not a county of similar size or amount of business transacted that can show a higher rate of efficiency than the local office and this speaks volumes for Mr. McCormack's ability and that he would make Nevada county a clerk of which the voters and tax payers could be justly proud goes without saying.

"Mac" was born at Gold Flat and has spent his entire lifetime in the community. He has grown up in the work of the offce so that he is familiar with its every detail. He married and has brought up a family in Nevada City and is prominent fraternally.

He has also given some attention in off hours to the mining business and has property in the Canada Hill district which gives promise of future production.

A good booster always for hs home community, Mr. McCormack boasts a widespread circle of friends who will give him their support in his ambitions.

DISTRICT DEPUTY VISIT

District Deputy Walter Shipley of Redding will pay his official visit to Grass Valley Elks lodge on Wednesday evenng of this week.

NEW MEMBERS FOR THE LOCAL MINING CHAPTER

DOWNIEVILLE, March 10, (Special to The Nugget) — Three new members were enrolled here the past week for the Mining Association of California, John J. Connell of Alleghany, Henry Appoloni and J. K. Latta of Downieville. A number of others are intending joining in the near future as Sierra county has a lot to gain from the new organization.

It is proposed to hold a meeting at the end of this week at Downieville to go over the proposition of organizing a Sierra county chapter independent of the four county chapter, or to continue working with the present grouping. The officers of the four county chapter have stated that the proportion of the Sierra county dues accruing to the chapter may be spent entirely in the interest of Sierra county mining if so desired if the independent chapter is not organized.

A dance has been proposed to raise funds for advertising Sierra county opportunities to the outside world.

THOMAS OLIVER MAKES RECORD AS CONSTABLE

For the past four years Thomas Oliver has served as constable of Nevada Township and has made a record of efficiescy that the voters can well consider when casting their ballots next August. Tom is submitting his name to the electorate again for that position and that he will poll a handsome vote goes without saying.

For forty eight years he has been a resident of this community and is one of its best loved citizens. He has been prominent fraternally and has taken part in every movement which has tended to the upbuilding of his home town. Of quiet demeanor, yet he has fulfilled the various duties of his office in efficient manner at all times.

LIONS FROLIC TO FETE THE CAST

The Grass Valley Lions Club was host to the cast of the recent Follies staged by that Club and the Nevada City Club at the Commercial Building auditorium Thursday evening and there was a large attendance. Dancing and cards were enjoyed and refreshments were served. A number attended from Nevada City.

MISS BOSANKO FETES REBEKAH DEGREE TEAM

Miss Dorothy Bosanko, district deputy for the Rebekahs feted the members of her degree team recently at the Grass Valley Odd Fellows hall. Various games were enjoyed followed by the serving of refreshments. Over thirty were present for the affair. A nice present was given Miss Bosanko by the members of the team.

ELKS WILL ELECT

Nevada City Elks Lodge will elect new officers at its meeting next Friday night. Horace A. Curnow as Esteemed Leading Knight is in line to be advanced to the post of Exalted Ruler.

GOOD SCHOOL SHOWING

The Rough anl Ready school taught by Mrs. Margaret Wilson proved the lead school under the diterm tests conducted under the direction of County Superintendent Ella M. Austin recently. That school showed an average of 99% in arithmetic. French Corral with Mrs. Elsie Schwartz as teacher showed 98% in geography. The Washington school with Mrs. M. W. Rogers as teacher showed 92% in United States history.

SAFE IS MOVED

The large safe in the former Citizens Bank building was moved the past week across the street to the Alpha store where it will be used by the Alpha company. The safe which weighed six tons was safely transported on its own rollers on the journey without mishap.

Thomas Burke of Lake City was in Nevada City during the week.

MINES ACTIVITY INCREASING IN LOCAL DISTRICT

A survey of the local district shows 150 men employed at the various properties close to the city whereas four years ago there was not a property operating which indicates a healthy condition in the major industry of the community. The outlook for a decided revival of mining activity to something like its former status is most bright.

A survey made the past week by John F. Bongard of San Francisco, field representative of the state mining bureau, showed nearly 600 employed in the Grass Valley district. Of these 450 were at the Empire group and 80 at the Idaho Maryland.

With the Telluric getting under way at the Mohawk prospects are bright for more and more miners being put to work. The delay at the Mohawk has been due to the former company's slowness in getting past obligations cleaned up. The Telluric proposes an energetic campaign to get the shaft sunk to its objective and extensive underground work inaugurated to cut the numerous ledges known to exist in that area. The Mohawk is in virgin territory and has an excellent opportunity to get onto large prdouction.

The leading employer of labor in the local district is the Murchie which has nearly 90 men employed at the present time and is showing good production. The Hoge interests are running a crew of 15 men and a number are employed on the Bettles holdings west of town where production is due to commence in a few days. A crew is busy at the Bahls holdings. Another crew is to be put on at a local property just taken under option by Seattle interests. The coming summer should see considerable activity manifest.

Rumors have been prevalent that the Neocene holdings on the Goering property will be started on production shortly, the property having been idle since the stockholders' disagreement last year which resulted in the closing down of the mine which was on a production basis at the time. The company had a fine opportunity to coin some real profits as a large amount of pay gravel had been opened up. The concentrates from this property showed over $2300 per ton with a number of rare elements showing such as iridium and palladium. This closing was one of the disappointing episodes of the year.

It has been reported that the Mayflower group are being experted by eastern interests.

Operations at the Boreham property are scheduled to take on much more activity this spring with the sinking of a standard shaft and extensive underground work to exploit the rich ore bodies disclosed the past year.

Otto Gruenewald, who has been opening up his quartz holdings west of town is contemplating the addition of equipment to speed up his underground work. A portion of his tunnel caved in last year and he has this practically cleared up. This property is on a contact system that has considerable promise.

With the Western Merger getting ready to open up the Yosemite gravel holdings north of town at an early day there will be a good sized crew used. The company expects to remove its equipment from the Davis holdings to the new site and sink a shaft to tap the gravel channel.

WOMANS' CLUB WILL HAVE FINE PROGRAM

The Woman's Civic Improvement Club will present an interesting program at its meeting tonight at the Brand Studio.

Current events will be handled by Mrs. H. E. Kjorlie. Two book reviews of interest will be presented by high school students.

Mrs. C. E. Parsons is chairman of the program committee.

Lloyd Penrose, student at the California School of Art San Francisco, visited over laht week end in this city with his parents, Mr. and Mrs. James Penrose.

CITY ELECTION IS COMING APRIL 14 CANDIDATES?

The local city election will take place Monday, April 14th but so far none but the incumbents who seek reelection have come forward to present their wares to the voters. The terms of City Trustees Holmes and Bennetts expire this year. Mayor Holmes on account of his campaign for the office of county coroner will not be a candidate for reelection.

Registration for the city election will close this week and those who wish to vote should see that they are registered without fail. Those wishing to file for the office of trustee, clerk or treasurer have until March 25th to file their nomination papers.

At the 1928 election there was a spirited campaign for the three trustee posts but no contest has as yet looked up for the coming one.

WALTER MOBLEY MADE GOOD JUSTICE RECORD

Coming into office a year ago on appointment of the board of supervisors, Walter L. Mobley has made an excellent record as justice of the peace of Nevada Township and on that record he is announcing his candidacy for that office to the voters.

Walter has long been connected with the business life of western Nevada county. He was in the mercantile business at North Bloomfield during its heydey and has been engaged with mining enterprises in in that section for a number of years. Ten years ago he came to Nevada City with his family to make his home and for some years was prominently connected with the personnel of the Alpha Hardware and Supply Company. He served for two terms as city trustee with distinct credit to himself, retiring at his own wish two years ago. With the retirement of Horace B. Dow last year as justice he was chosen by the supervisors to succeed him from a large field of aspirants and that he has made good on the job goes without saying. He has had a number of cases come up in his court calling for judicial decisions which he has made in strict keeping with the requirements of the law. His handling of his office records has been a model of neatness and correctness.

Walter has a host of friends in this section who will be glad to lend him their support in his candidacy at the coming primary election.

LIONS TO ENTERTAIN OFFICIAL TOMORROW

The Nevada City Lions Club will offer its members a real treat tomorrow Tuesday noon when Dr. Neilson, state director of physical education, will appear as the speaker of the day. He appears at the Grass Valley high school in the morning and again in the evening. He is coming here on the invitation of Principal B. F. Wilson of the local high school.

DANCING PARTY FOR MISS ALICE KOHLER

A delightful dancing party for Miss Alice Kohler was enjoyed by about sixty students of the Grass Valley high school at the Commercial Building auditorium Wednesday evening. The occasion was honoring the guest of honor's natal anniversary.

CARR HEADS LEAGUE

SHERIFF BYNON FINDS ORO MILL BROKEN INTO

DOWNIEVILLE, March 10, (Special to The Nugget)—While returning from a trip to some of the mines near here, Sheriff George Bynon a few days ago found the back door of the Oro mill standing open. Investigating he found that the mill had been broken into, an axe being used to force the door.

It was found that some person or persons had been working on the concentrates, using a wash boiler with some snow water for panning it looked to be the work of some one inexperienced in mining from the way things had been handled.

There is no clue to marauders and and it is not likely that much damage was done.

KNEEBONES FILE SUIT ON MINING PROPERTY

Mrs. Victoria and Alfred Knee bone have commenced suit agains F. M. Neubert, the Neu-Day Mining Company and others to quiet title to mining ground in Bridgeport township which was held by defendants under a bond and lease The papers were filed the past week by their attorney Oscar E. Winburn in the county clerk's office.

The complaint alleges that the defendants have not lived up to the terms of the lease and asks return of the property and damages in the amount of $50,000.

WINBURN FILES MASS LITIGATION PAPERS

Oscar E. Winburn who as attorney for Walter Waynflete, Truckee publisher, recently filed suit against one R. D. Landry, contest manager, has filed another long list of legal documents bearing on the case in answer to the answer and cross complaint filed by Lynne Kelly on behalf of Landry. Eight sets of document were filed by Winburn in which he asks for a bill of particulars, a bond from the defendant, numerous demurrers and notices to strike out. By stipulation the hearing will come up on the next calendar day on Friday, March 21st.

FINDS ROAD MISSING

While going out to Lowell Hill Friday to look over some of his mining property, William Maguire found a section of the county road between You Bet and Lowell Hill just east of the Steep Hollow bridge, about 75 feet in length, had slid out during the recent storm. The road is not much used.

MINE INSURANCE COMPANY NOW READY TO SHOOT

R. Lyle Kimmel of Sacramento secretary of the Mining Association of California, was in Nevada City and Grass Valley Thursday in the interest of the new mutual insurance company which the state organization is fostering to bring down the exhorbitant cost of compensation insurance. He found an enthusiastic response in the local camp toward the idea and a number of the local companies will come in under the new plan which promises to exert a powerful influence in behalf of one of the state's major industries since the days of '49.

The new company is signing up 100 operators with approved records in the matter of accidents and when these are ready will secure its charter from the state and prepare to go into business. From the response already obtained there will not be much difficulty in securing the needed number of applications and Nevada county has already come forward encouragingly for the new idea. Only those applications will be received which promise to operate on a safety first basis and keep down the number of accidents so as to make it possible to operate at an extremely low rate of premium. A field crew of expert inspectors will be employed as soon as the company is functioning and insurance men will operate the company so that it will be conducted along lines recognized as conservative and safe.

The program undertaken by the state association promises to revolutionize the mining industry and make it possible for the smaller companies to get going once more after struggling with many handicaps. Since the war practically the entire mining industry particularly in gold, has been carried on by a few large companies with the result that operations have been concentrated in a few large centers. With the coming of the state association and the promise of cheaper compensation insurance, there has been an encouraging awakening from the investors in mining with the result that the industry looks to be getting ready for a real revival, particularly among the smaller properties.

Kimmel has proved a tower of strength in the preliminary work and the association has been very fortunate to enlist his services, following the defection of the Sacramento Chamber of Commerce at a critical juncture. He will devote his entire time at present to putting over the insurance idea and with the hearty response which he has met at the outset from the broad minded mining men of Nevada county he has secured the nucleus of what will prove to be the biggest boon the mining industry has secured in many years.

Kimmel is strong for the friendly spirit that has been shown by the mining men of this county toward the organization and he frankly stated that if it had not been for that spirit that he doubted if it would have been possible to launch the state association idea, and see it through to a successful conclusion. There has been wonderful help too from the Northern California Mining Association which has been functioning in the northern tier of counties and which came into the state association bodily some months ago. There are now 16 counties organized in the state and a wonderful enthusiasm is springing up in behalf of the mining industry which cannot but inure to its future well being.

The local chapter now boasts 109 members with applications coming in regularly. Another membership list will be published in the near future.

HARMONICA CLUB

Members for a Harmonica Club are being solicited. A Harmonica Club would be a wonderful asset to our high school. It would give students music at a low cost.

Mr. Wilson especially urges the students to see about a Harmonica Club. If the students get together on this suggestion, they will be able to organize a good club. This is an extra class activity to be developed after regular school hours. If you have no other musical interest, grasp this suggestion.

Throw away the bread-knife!

There's a newer, better way

When you try to cut your bread does it crumble into bits or slice in thick uneven pieces that are awkward to eat? Is it difficult to cut slices of just the right thickness for sandwiches or toast . . . and is there some wasted in almost every loaf?

With the old method of slicing bread by hand this cannot be avoided, but now with the advances in up-to-date baking equipment this waste becomes unnecessary. There is another step—the modern satisfactory way of SLICING BREAD BY MACHINERY.

Follow these few simple instructions

1. Open wrapper at one end. Do not tear off.

2. Remove as many slices as desired.

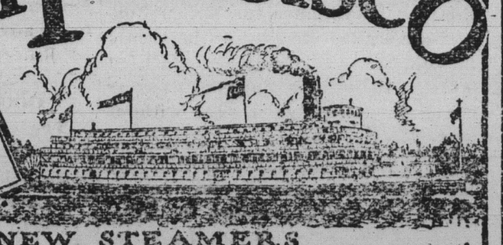

3. Fold wrapper back over open end of loaf.

"GOLD STRIKE PARADE"

The "Gold Strike" parade, which created such a sensation in San Francisco without any doubt was the greatest piece of publicity, not only for Mariposa county, but for the entire Mother Lode country, that has been attempted in these later years.

The appearance upon the busy streets of the great city of a complete pack train, real packers from th ehills and red-shirted, bewhiskered miners was something that modern San Francisco had not known. The plans were so well carried out, both from the San Francisco end and by the Mariposa delegation, that the "hit" was bigger and better than even our most optimistic promoters had anticipated.

The purposes of the novel idea were fully accomplished and as a result of this "little nonsense", San Francisco and the entire mining world is going to know more about Mariposa county and the mineral wealth in these hills, than has been known before. People of the cities are going to have a desire to see the country from which the gold and these prospectors came. They will want to see more of the men and their kind that still have the "Spirit of Forty-Nine" in their breasts and, this will increase the desire to come to our hills. Mining men who have capital to invest in gold mines will learn more about our mineral wealth and our great undeveloped gold area and will come here with the desire and intent of investing.

Aagain we say: This was the greatest piece of publicity ever put over for this county and the men who put the idea across so efficiently are entitled to much credit by citizens of the county.—Mariposa Gazette.

TALKIE EQUIPMENT

Workmen are now busy installing talkie equipment in the Strand Theater at Grass Valley which will bring that playhouse up to modern standard. It is expected that the installation will be completed by the end of the present week or soon thereafter. There will be two tons of equipment and a large amount of wiring between the operating room and the backstage.

SPORT NOTES

Standing of the Teams

	Won	Lost	Pct
Native Sons	23	13	.639
Odd Fellows	22	14	.611
Corte Colombo ..	18	18	.500
Court Garfield ..	9	27	.250

The reasons that the Native Sons and Odd Fellows ranked highest in the last indoor horseshoe pitching tournament are shown in the individual pitcher's averages for the season. Eleven of the nineteen highest ranking pitchers are from the regular players of those two orders.

Coughlin, of the aNtive Sons, has an average of .803 with 82 ringers for eight games. Cicogni, who was the mainstay of Corte Colombo's team again this year, ranks second with .686 and 43 ringers for seven games played. Carlson, captain of the Odd Fellows, played all twelve games for his team and scored the highest number of points (371) of any player in the tournament, including 72 ringers. Spencer White, the Native Sons' "cub", made a fine showing for his first year, and finished the seaosn in fourth position. Rore was Court Garfield's outstanding pitcher, playing in seven games for an average of .541.

This year's standings reflect the fact that some of last year's stars hit a slump at some time during the season which reduced their effectiveness and value to their team. On the other hand some of the other players made better showings this year and climbed higher on the ladder. Among these were Seaman, Haddy and Boughman, the latter being the "dark horse", of the Odd Fellows, and C. W. Chapman, of the Native Sons.

The following tabulation shows the number of games played by each pitcher, the points scored by him and which were scored by his opponents, the number of ringers scored and which were scored scored and the pitching percentage: (The players are listed in the order of their ranking).

WHAT IS GOLF?

(By Dr. Bailey)

A golf course has eighteen holes, seventeen of which are unnecessary and put in to make the game harder. A "hole" is a tin cup in the center of a "green". A "green" is a small parcel of grass costing about $1.99 a blade, and usually located between a brook and a couple of apple trees or a lot of unfinished excavations.

The idea is to get the golf ball fro ma given point into each of the eighteen cups in the fewest strokes and the greatest number of words.

The ball must not be thrown, pushed or carried. It must be propelled by about $200.00 worth of curious looking implements, especially designed to provoke the owner.

Each implement has a specific purpse and ultimately some golfer gets to know what that purpose is. They are the exceptions.

After each hole has been completed the golfer counts his strokes. Then he subtracts and says, "Made that in five". "That's one above par. Shall we play for fifty cents on the next hole, too, Ed?"

After the final or eighteenth hole, the golfer adds up his score and stops when he has reached eighty-seven. He then has a swim, a pint of gin, sings "Sweet Adeline" with six or eight other liars, and calls it "The End of a Perfect Day."

Supervisors E. B. Dudley of North Bloomfield and Joe Frank of Rough and Ready were here to attend the regular monthly session of the board

ENGLEBRIGHT GETS PRAISE FROM WRITER

(By Charles Brooks Smith)

Wheeling, W. Va., "Intelligence"

Harry Lane Englebright represents the Second District of California in Congress. It's 'way up in the northern neck of the Golden Gate Commonwealth. Sixteen counties compose it and their total population is only 129,000. Its spaces are wide and its distances are great. It requires at least two campaigns for Mr. Englebright to complete one canvass of his district.

Calaveras County is one of the sixteen. Mark Twain made it nationally known with his jumping frog story. Mr. Englebright, if given the excuse or not, will show visitors to his office to prove hisstatement that his congressional district has produced more gold than any other equal area in the world. He's a mining engineer and he knows his mining statistics. Incidentally—it is timely to record it—Mr. Englebright is one engineer to our knowledge who has made conspicously good in the gentle art and noble profession of politics. You may know or have heard of others of his profession who are lately come in position to make good but Mr. Englebright "arrived" some time ago. He's a perspicacious party in the House, decidedly influential and personally highly popular with his colleagues.

GOLF MATCH POSTPONED

The gold match between the local club and the Placerville divot producers on the course south of town yesterday was postponed on account of the soggy condition of the course. This was the second postponement. The next match may prove the charm.

W. V. Munday of Redwood City came up and has taken charge of the Western Union Telegraph Company's office in Nevada City.

Henry Huckins of North San Juan was a visitor in Nevada City having come over to attend the grand jury session.

That anyone may talk with anybody anywhere at any time

IT IS part of the telephone ideal that anyone, anywhere, shall be able to talk quickly and at reasonable cost with anyone, anywhere else.

Expressed in telephones, wire, cable, switchboards, central offices, trained personnel it means an incredible expenditure of effort and a huge investment of savings of the public. In a single year the Bell System makes an outlay, for new plant and service improvements, of more than 550 million dollars.

This is to make the telephone daily more convenient for *you*.

FRENCH CORRAL ITEMS

FRENCH CORRAL, Mar. 10, Well, we have had very oldfashioned weather for the past week. It has seemed the heavens hat turned loose every waterway and gave us rain upon rain both day and night continuoosly and at times high wind with it. We felt anxious concern for our neighbors in the valleys for it seemed with all this downpour, floods were inevitable. Surely Mother Earth will stow away some of this so there will be no danger of a drought this year. The sunshine and warmth of yesterday was most welcome, and we forgot we had ever had storms, The grass is growing everywhere, and there is no danger of stock suffering with hunger in this section now.

Bill Stead of Blue Tent, with Lawrence Calanan, helping, took his herd of cattle from near Rays ranch, to the range of J. W. Culver, below French Corral last Friday.

W. P. Clerkin returned to his home near French Corral last Friday. He had been caring for his cattle on the range near Browns Valley. H. Hoskins, who had been assisting him, returned with him.

Miss Louise Moulton came from North Bloomfield Friday to spend the week's end at her home in French Corral.

Mrs. E. Sutherland, Mrs. W. E. Moulton and Miss Louise visited in Nevada City Saturday.

Mrs. K. Sullivan of French Corral had business in Grass Valley and Nevada City Saturday. She made the trip with A. Browning, who went to see his son, Billie, who recently underwent an operation for appendicitis. We are glad to report that Billie is getting along nicely.

On account of the absence of officers, no meeting of the S. J. W. A. was held Sunday, March 2nd.

Mrs. P. Nichols and sons, Chester and Arthur, of Sacramento were French Corral visitors Sunday. The Nichols family wee residents of French Corral for several years and love the old place as their home.

A. Browning returned to his work on the Browns Valley canal Sunday. On account of the storm no work could be done so he returned to his home in French Corral Tuesday.

W. P. Clerkin returned to his cattle range below Browns Valley Tuesday.

Dick Rhodes of Sweetland had business in this place Wednesday.

Miss Millie Clerkin and Bessie McCullough made a trip to Nevada City Wednesday.

Ralph Carpenter of San Juan was a visitor Thursday.

J. W. Swazey and Ralph Thomas who are employed at the Siberia mine near Badger Hill were visitors Thursday evening.

We were sorry to learn of the death of another pioneer. The late Chas. Huling was well known in French Corral and in other years was a frequent visitor to this place.

We also lay a claim to the late Mark Cross of Camptonville, and were grieved to learn of his sad death. In his little childhood he resided here with his parents. His father at that time was interested in and operated the old Red Ledge mine at this place. We extend to him and the family our deepest sympathy.

We enjoyed reading in The Nugget "Cozy Corner" the boost for our "Nevada County Narrow Gauge Rail Road". For more than half a century, we too have had pleasure in hearing the toot of that whistle and in clear weather can distinctly hear the train rolling into Grass Valley and Nevada City even at this dis-

George Wayman of Pike visited in Grass Valley recently.

John J. Looser drove over to Colgate one days last week on businses.

Henry Struckman of Fernley was in Grass Valley during the week.

Frencis Calhoon, high school athletic instructor, was too ill to attend classes Friday.

H. M. Cooper and E. T. Erskine of Drum office of the P. G. & E. company were in Grass Valley from Auburn during the week.

Miss Emily Richards of Los Angeles, George Richards of Turlock, Mrs. Alice Hack and Fred Richards of San Francisco have been summoned home on account of the serious illness of their mother, Mrs. E. I. Richards.

Mr. and Mrs. Fred Martin of San Francisco attended the funeral of the late John J. Martin.

Mrs. Norman Osborne of Oakland is here visiting her mother, Mrs Amelia Richards.

Ray Clinch, exalted ruler of the local Elks attended a meeting of Sacramento lodge last week.

Mr. and Mrs. Homer Beale and children have returned to their home in San Francisco.

Electric Rate Reduction
$2,400,000.00 Saving to Consumers

Now, electric rates for consumers of the Pacific Gas and Electric Company are reduced over Two Million, Four Hundred Thousand Dollars a year.

Lighting rates are cut to a maximum rate of 4½ cents per kilowatt hour for incorporated areas, with a similar reduction in all areas.

The new rates are of greatest benefit to the small consumer—the residence user, stores and offices. Substantial reductions have been made in commercial, industrial and agricultural power rates. Street lighting rates are reduced.

Domestic combination rates for consumers using lighting service and in addition having electric appliances for heating and/or cooking, are as low as 1½ cents per kilowatt hour. The new commercial lighting schedules provide for lighting rates as low as 2 cents per kilowatt hour.

These new schedules providing lower electric rates are designed to encourage liberal usage of electricity at low cost. The new rates are among the lowest obtainable anywhere.

ELECTRICITY IS CHEAPER — YOU CAN USE MORE — MAKE IT YOUR SERVANT

Let electricity brighten the gloomy corners. Let it do the cooking, ironing, washing. Let it sweep the floors, operate the electric fan, drive away chills. It will percolate the coffee, make the toast. keep food warm or cool and wholesome.

Modern electric appliances bring comfort, convenience and economy.

CAMPTONVILLE PERSONALS

Carried out in style with the simplicity of those funerals characteristic of the good old days, Wm. B. Meek conducted the funeral of the late Mark Cross Friday afternoon from the Cross home. Interment was in the family cemetery, a short distance from the house, amid a cluster of madrone trees. This was the third member of the family Mr. Meek had held rites for during the past few years. The service was largely attended by neighbors and friends, and this person, who spent his life in the wildwools, was laid away where the whispering trees and gentle breezes shall forever more watch over his grave. This funeral recalls the several other private cemeteries located in this section, as was the custom in the early days to bury their dead upon the property of the place where he lived, and in the vicinity there are several private cemeteries. Besides the one at the Cross place, near Garden Valley is the old Clay Cemetery where several of the old timers are buried, at the Jaynes ranch a similar burial ground can be found, and at the Sleighville House, north of here, a large family cemetery rests beneath a group of pine trees.

M. R. Carlson of North San Juan was in town Thursday.

Hawley H. Chatfield of Pike City was in town Sunday.

Mr. and Mrs. Glenn Pierce of Nevada City were in town Sunday.

Henry Harrison motored to Auburn Saturday to attend the meeting of the Mining Association.

Dr. Carl Sutton, of Downieville was in this section Sunday attending Mrs. M. Massa, who is suffering from pneumonia.

Mrs. Fern I. Cook and family of Pike passed thru town Saturday enroute to Downieville.

CHEROKEE PROSPERS

CHEROKEE, Mar. 10, (Special to The Nugget)— While mining in Cherokee where once stood the Curnow hotel Mr. M. Whisler found a two and a half gold piece. Our miners have all been quite busy this week as there was lots of water to mine with.

Parties from here that were business visitors in Nevada City and Grass Valley Saturday were, Mrs. James Phelan, Mrs. T. J. Flynn, Mr. and Mrs. L. Day,, and daughter,, Mr. and Mrs. E. Frost, Mrs. Berry Joe Swazey and R. Thomas.

K. J. Phelan while feeding his stock Saturday saw a large coyote come out in the flat and look around to see if there were any young lambs feeding there. The coyote was very lame in one front leg and must have been trapped, but made his escape when he was shot at. He didn't run very fast as he seemed to be badly crippled.

Mrs. John Curnow continues quite ill at her home in Cherokee.

Herb Costa went to Marysville Wednesday to meet his wife, who was called to Gerber two weeks ago by the serious illness of her little niece, Mary Puller, who is now improving slowly.

J. Swazey and F. Woods of the Siberia mine were visitors in Sweetland Wednesday.

Jay and Will Coughland went to Pleasant Valley Thursday to look awter some of their cattle.

Mr. and Mrs. R. McNamara of Cherokee were business visitors in Nevada City Thursday.

Joe Frank, our supervisor, was looking over our roads Thursday.

H. J. McNeil, mining man of Goodyears Bar, spent a week in San Francisco. He left on the Fischer stage during the week for his home

A. C. Dillinger and J. E. Little came down Saturday night from the Primrose mine above Sierra City. Snow is quite deep in that vicinity

General W. S. Schuyler of Carmel was a recent arrival and will spend a few days in this district. He has mining property at Pike.
